**The ASB wishes to inform its Members that this course shall impart a 'reasonable / working level' knowledge on the Indian Accounting Standards (Ind AS). Members are encouraged to seek an In-depth knowledge through self-study of the standards after undergoing this course & also by attending the 'Deep Dive / Deeper Insight' series of Refresher courses that are conducted by the ASB from time to time.**

Please note that once a member pays the fee for the course on DLH portal, he/she will have to go to the MY PRODUCTS area inside the learning portal and do their Face Registration to enable access to the contents of the course, PPTs & Feedback forms etc. To launch the Face Registration process, Members will have to click on the launch button appearing in the Ind AS course link inside the MY PRODUCTS screen. The Face registration requires your laptop / PC to have a camera. It is advisable NOT to do it using your mobile device. Once the Face Registration is done, you may close the window. **The Digital Learning Hub (DLH) team may take up to a week to approve the Face Registration.**

Also note that the above Face Registration will be approved by matching the image taken with the photo you have uploaded in your SSP portal account. So kindly ensure that your photo is present in the SSP portal else the Face Registration won't be accepted. Members who have already done the Face Registration on the DLH portal earlier i.e., for some other course / examination with ICAI; need not do it again. The Face Registration done earlier will hold good for this course as well. Please note that while doing the face registration: -

- i. Kindly ensure that your face is properly lit i.e., sit in a place where your image clearly appears in the camera.
- ii. Keep a plain and bright background like a white or a light-coloured wall.
- iii. Do not move while the system is taking your images.
- iv. Stay close to the camera and do not blink when the images are being taken.
- v. Do not wear spectacles while doing the face registration.
- vi. Images taken via the face registration are compared with the image the Member has uploaded in the SSP portal (profile edit screen). Kindly ensure that your photo is uploaded in the SSP portal for the above stated comparison.
- vii. Key tip – While taking photos for Face Registration, the light in your room should be in front of you i.e., it should be focussed on your face. If the light bulb is behind you, your image will come up as dark and this will lead to rejection of your Face registration.
